

ATTACHMENT 1

Procedure code conversion chart for outpatient mental health and substance abuse services in the home or community

The following chart lists procedure codes and modifiers that providers in outpatient mental health and substance abuse clinics will be required to use when submitting claims. A separate *Wisconsin Medicaid and BadgerCare Update* will notify providers of the specific effective dates for Wisconsin Medicaid's implementation of the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA). Refer to Attachment 2 of this *Update* or *Current Procedural Terminology* (CPT) and Healthcare Common Procedure Coding System (HCPCS) procedure code books for a complete description of these codes.

Professional level modifiers		
Modifier	Description	Providers
HN	Bachelors degree level	Alcohol and other drug abuse (AODA) counselor (counselors that have less credentials than a Master's level psychotherapist)
HO	Masters degree level	Master's level psychotherapist (Master's level psychotherapists are Master's-level mental health professionals with 3,000 hours of supervised experience or are listed in an appropriate national registry as stated in HFS 61.96, Wis. Admin. Code. This includes registered nurses with a Master's degree in psychiatric-mental health nursing or community mental health nursing from a graduate school of nursing accredited by the National League for Nursing.)
HP	Doctoral level	Psychologist, Ph.D.
UA	MD, Psychiatrist	Psychiatrist billing mental health and substance abuse services Physician billing substance abuse services Physician assistant billing pharmacologic management
